This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

PUBLISHERS' NOTE

In presenting a new and enlarged edition of the JEWISH HYMNAL for Religious Schools, a volume that has won rapid recognition in many schools and institutions throughout the country, the Publishers would again call attention to the many note-worthy features that characterize the work.

The carefully selected and edited texts, chosen from the master-pieces of hymnology, the musical arrangement of the hymns in such a manner as to bring them within the range of the average child voice, and the high order of the harmonization, combine to make this collection a valuable as well as notable addition to existing hymnbooks.

The inclusion of complete musical services for the Sabbath and all the Holydays and Festivals of the Jewish year, drawn from classical Jewish composers, form a unique and invaluable feature.

The compositions are printed in the order in which they are to be used, and are marked by simplicity and beauty. It is one of the most complete collections of the kind published and will prove an indispensable aid to Religious Schools and Junior Congregations.

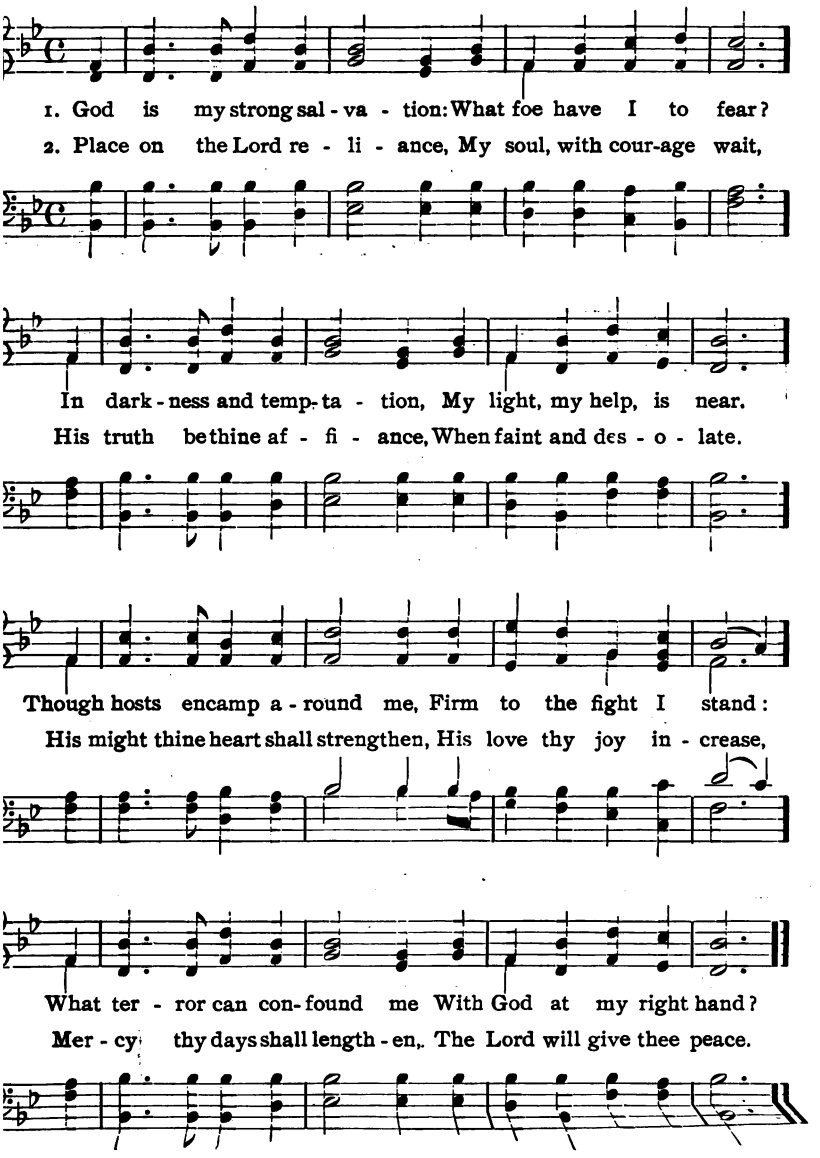
GEORGE JAMES WEBB.



1. God is my strong sal - va - tion: What foe have I to fear?
2. Place on the Lord re - li - ance, My soul, with cour-age wait,
In dark - ness and temp - ta - tion, My light, my help, is near.
His truth be thine af - fi - ance, When faint and des - o - late.
Though hosts encamp a - round me, Firm to the fight I stand:

Then, from sin and sor-row free, Take me, Lord, to dwell with Thee.

84. Star-Spangled Banner.

ENGLISH MELODY.

1. O say can you see by the dawn's ear - ly light,
2. On the shore dim - ly seen thro' the mists o'er the deep,
3. Oh, thus be it ev - er when free - men shall stand

Whose broad stripes and bright stars thro' the per - il - ous fight,
What is that which the breeze, o'er the tow - er - ing steep,
Blest with vic - t'ry and peace, may the heav'n-res - cued land,
O'er the ram - parts we watched, were so gal - lant - ly stream-ing?
